Introduction to Quantum Energy Rings

Energy Rings are an important aspect of creating more light for you, your family and your home.

Each ring is individually handcrafted and activated to create a connection to the quantum field wherever they are placed. The energy field they create helps raise the vibration of an area or room and they have a variety of uses.

The sizes of the rings are created based on ancient Egyptian knowledge of cubit measurement. This measurement, when used in the design of the ring, gives it the unique ability to hold light.

Along with the specific measurement of the 3 sizes of rings, they are also made with 100% copper, an element that anchors the activation of the ring.

Use these rings to create more light and uplifting energy wherever you need it. There are many uses for these rings and presented here are some of the ways we have found them to be effective. We encourage you to use your imagination and create your own uses for these rings.

There are 3 types of Quantum Energy Rings: Quantum, Quantum Ascension and Quantum Grounding (or Descension). You will find an explanation for each type of Energy Ring in this e-book, along with various ways to use them.

Each ring will have a different aura field that extends beyond the physical ring. The larger the ring, the larger the aura field will be.

Please check out the FAQ's at the end of the E-book. If you have any questions that are not answered, please let us know and we will be happy to add them to the e-book.

If you find a use for one of the rings that is not listed here, please email me at annette@consciousliferesources.com and I will be happy to share your idea with others!

Thank you for your interest in the Quantum Energy Rings!

Quantum Energy Rings

Marie Diamond has created 3 unique and powerful systems to help individuals transform the energy in themselves and their homes: Diamond Feng Shui, Diamond Dowsing and Inner Diamond

By connecting with the 24 aspects of the Quantum Field through her systems, millions of people have already transformed their lives.

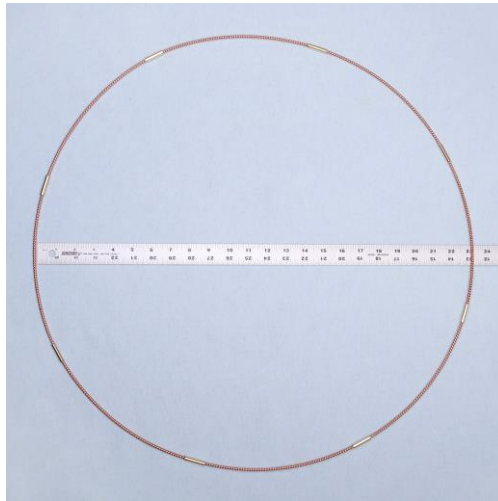

An easy way to begin connecting with these Light Frequencies is with the Quantum Energy Ring. Each ring holds the activations of the 24 Light Frequencies. Within these 24 frequencies, there are 12 masculine and 12 feminine frequencies which assist in creating balance and wholeness.

When activated, the energy reading of the ring measures +180 or above.

Use them to bring in more light and a direct connection to the Quantum Field. Below you will find many ways to use them along with some Frequently Asked Questions.

Quantum Energy Ring Uses

Large Quantum Energy Ring: (23 inch diameter)

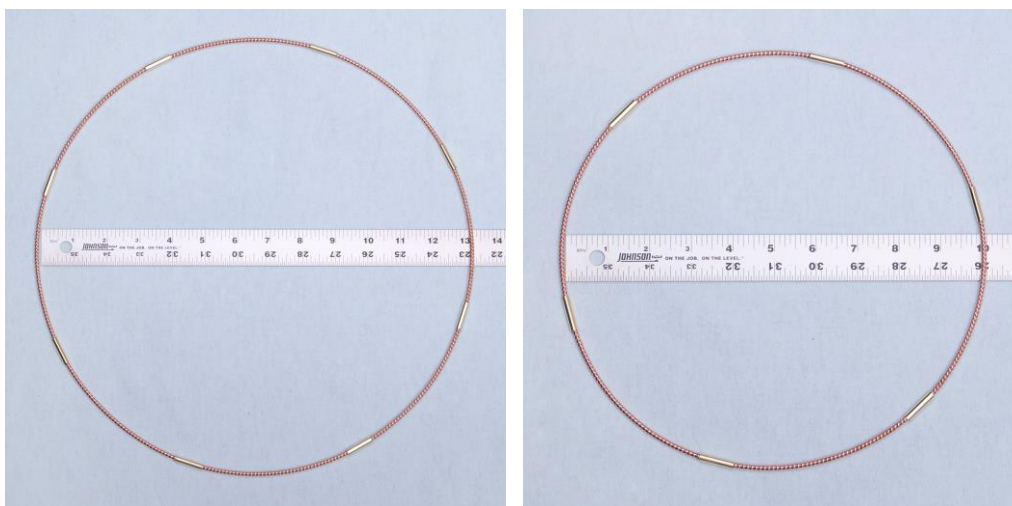

- ✚ Place the ring in an area of your house that feels heavy or dark to help bring in more light.
- ✚ Placed under a chair, the large ring is great when meditating or for any spiritual practice. It allows you to more effortlessly connect with higher states of awareness.
- ✚ If you would like to stay alert while studying or working on projects, place a large ring under your chair.
- ✚ Some people are very sensitive to the energy from their computer. Placing a large energy ring on the floor between you and your computer will create a wall of energy that protects you from the electromagnetic energy emitted from your computer.
- ✚ Place around a water cooler and energize your water.
- ✚ Place your groceries inside of a large ring to energize your food before putting them away. Keep the food inside of the ring for approximately 10 minutes.

- ✚ Place one or more plants inside a ring to help ailing plants or to bring them vibrant health.
- ✚ Step inside of a ring and move the ring up and down over your head three times to clear out yours or someone else's energy field.
- ✚ Dense energy collects in the corners of rooms. Use the ring as a wand to 'sweep' the corners of a room. Hold horizontally with both hands and sweep the corners of a room.
- ✚ Decorate as a wreath and hang on the wall or front door to bring more light into a room. This is a great way to bring in more light and energy into an office space without bringing attention to the ring itself.
- ✚ Children love the energy of these rings and will love sleeping with one under their bed. Many adults may have to adjust to the energy of these rings before having one under their bed all the time. To get used to the energy of these rings, alternate sleeping with one under your bed ... 2 nights with it and 2 nights without it ... until your energy field can handle it all the time.
- ✚ Animals love the energy of these rings and they can be used to help your animals stay healthier.
- ✚ Have a ring under the chair or bed as your child is learning how to read or if they are studying for a test.
- ✚ If you feel the energy of your workplace is affecting you, place your clothes and jewelry in the ring overnight. Your clothes will be 'activated' for the day and you will carry the energy of the ring with you without having to take the ring out of the house.

Try this for your child if they are having a difficult time in school. To read two testimonials about how the energy ring worked for two children, [Click Here](#).

*Medium Quantum Energy Ring: (13-1/4 inch diameter)
Small Quantum Energy Ring: (10 inch diameter)*

The Medium and Small Rings are interchangeable for their uses and as they are both portable and easy to carry with you, it depends on your own preference as to which one you will want to use.

- ✚ Place your vitamins and supplements inside of the ring to energize them.
- ✚ Use a small or medium ring for traveling and stay energized while traveling and when attending meetings or seminars. Some people place the ring inside a pillow or cushion to camouflage the ring.
- ✚ Place one under your car seat to stay more alert while driving.
- ✚ Decorate it and use it as a wreath on your front door to bring in more positive energy into your home.

- ✚ Place your child's favorite stuffed animal in the ring during the day and give it to them to sleep with. Many moms are finding that their children sleep better.
- ✚ Place a medium or large ring under your pet's sleeping area. Dogs especially love the energy of these rings. If you're boarding your dog in a kennel, make sure their energy ring goes with them. One owner placed it inside of her dog's bed.
- ✚ Place around the water and food dishes of a pet.
- ✚ Use under your office chair to stay alert and energized while working.
- ✚ Use the ring as a 'Law of Attraction' ring. Find out your Success Direction based on your birthday (download the Marie Diamond App) and place the ring in your Success Direction. Inside of the ring, place with intention your goals. It is like sending a message to the universe 24/7.
- ✚ Place your plate of food inside of the ring during a meal to energize your food.
- ✚ These are great for traveling and for staying alert while traveling. Place under a car or airplane seat while traveling. Sitting on a ring will help with jet lag or for those sensitive to the recycled air of an airplane.

Quantum Ascension Energy Rings

In 2011, Marie introduced another level of the Diamond Dowsing material called the Quantum Diamond Dowsing program.

The information and activations presented in this material, help people create an 'Ascended Home' which significantly raises the energy level and brings in more light into the home.

As she introduced this material, she also introduced the Quantum Ascension Energy Ring to support this new level of vibration in the home. After bringing their home to an ascended level, most people felt the difference within weeks and sometimes, days. They quickly discovered that they no longer felt the transformational energy of the Quantum Energy Ring as their home was now vibrating above +180. They needed an energy ring that held more light and a higher vibration.

Since 2011, the energy of the earth has been raised considerably and there are now people who do not have their homes dowsed that are immediately attracted to the Ascension Ring instead of the Quantum Ring. They have done the inner work necessary to achieve a higher vibration and are looking for something to support them.

The Quantum Ascension Rings are activated with higher frequencies of light which create a direct alignment to the center of the universe and the energy level of these rings measure +360 or above,

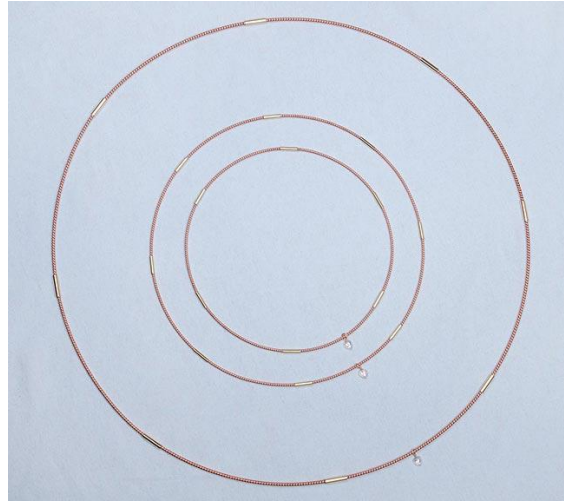

When you have adjusted and aligned your energy to the Quantum ring and it no longer supports you to the next level of energy, you are then ready to move to the Quantum Ascension ring.

Depending on a person's level of energy and the personal growth they have done, some might be ready energetically for the Ascension ring right away. Most people, however, feel a strong effect from the Quantum ring and need to use that one for a while.

Everything about the Quantum Ascension Energy Ring is the same as the Quantum Energy Ring ... size, material, and construction ... and the only difference is the expanded level of light with which it is activated.

To indicate the difference in energy levels, the Quantum Ascension Energy Rings has a gold bead attached to it.

Quantum Descension Energy Rings (Grounding Rings)

The Descension/Grounding Ring was also created to support the information presented in the Quantum Dowsing program.

When we connect with the light of the universe within ourselves and our homes, we need support in bringing that light into matter. It is important to anchor it and connect it within our bodies and to the earth.

The word ‘descension’ simply means ‘a going down’. The Descension Energy Ring helps the light of the Quantum Field ‘go down’ and connects it with matter. It creates a wholeness or ‘oneness’ experience and supports the light to be present in our reality.

It is activated with the frequencies of mother earth and helps us connect with the heart frequencies held for us by the Universal Mother or Feminine aspects of our universe. It creates a connection that assists people in feeling more grounded in their own body and more connected with mother earth.

Use this ring when you are feeling ungrounded or disconnected from your body. Also use it when you're feeling disconnected from the love and support of the mother or wish to activate the feminine aspects within.

FAQ's

1. *Why are there small brass sleeves on the rings? Are these necessary?*

The small brass sleeves are there to help stabilize the energy of the ring.

2. *What is the difference in the sizes?*

All of the energy rings produce a quantum field of light. The only difference is the amount of area each ring will affect. Along with the light produced by the ring itself, each ring also creates an aura field around it. If you place a large ring under your chair, for instance, you will feel the energy created by the ring up to 18-24 inches beyond the ring.

Each ring produces its own aura field and the larger the ring, the larger the aura field it creates.

3. *How do I know what size I need?*

Think about what you will be using the ring for and decide from the list above which size ring would most suit your needs. If you are uncertain about the effect an energy ring might have on you, start with a small or medium ring and get used to the energy of that size first before moving onto the large ring.

4. *Can the rings be covered?*

Yes, the energy rings can be covered and will still be effective. You can decorate them and hang them on a wall or a door. You can also cover them with plants, tables or rugs.

5. *Can the Energy Ring be shared?*

Yes. Although each person might have a different response or experience with a ring, the ring simply brings in light no matter who uses it and what it gets used for.

6. *Can we share with people with negative or heavy energies?*

Yes, especially with people with negative or heavy energies. The energy ring will help them but will not pick up any of their energy as the energy ring will help transform anything that is ready to be transformed.

7. *Does the ring ever need to be cleared?*

No, as the ring does all of the clearing without picking up any of the negative energy it is clearing. However, if you feel you would like to Clear your ring, you can place it in the sun for a few hours.

8. *How does the Energy Ring work?*

In each of Marie Diamond's systems, she teaches how to connect with the Quantum Point, located an arms-length above the head. At that point, we can create an initial connection with the Quantum Field.

The Inner Diamond program helps people connect more fully with this field and they are activated with the 24 Frequencies of Light which are available to us in the Quantum Field.

Both the size of the ring (based on cubits) and the copper material help hold the activations of the 24 Light Frequencies. Marie and only a few of her more advanced students have the ability to activate the rings with these light frequencies.

As someone uses the ring, they are surrounded by the 24 Light Frequencies and are easily able to connect with the Quantum Field of light.

9. *Will the Energy Ring tarnish?*

The Energy Rings have been treated with a protective coating that does slow down the process but over time, it will tarnish simply because it is 100% copper and copper does tarnish. It does not, however, lose its effectiveness as it tarnishes.

10. When we use the Energy Ring for ‘sweeping’ the energy from corners, do we need to sweep rooms like bathrooms, kitchens, laundry and garage? In Feng Shui we don’t activate/cure those areas.

When we clear the energy of a home, it works on a different level than curing or activating a space. The energy can and will collect anywhere in the home so it is important to include these rooms when ‘sweeping’ any density that has built up in the home.

11. When we place food and supplement inside the ring, can we place oils like cod liver oil, olive oil and raw nuts. Can these oils spoil from being inside of the ring?

Nothing can spoil from being inside of the ring. The ring raises the vibration of everything placed inside of it and will actually transform any dense energy attached to it.

We suggest muscle testing whatever you place inside before you place it in the ring and then again afterwards. I think you will find the energy is more positive each time.

If something needs to remain refrigerated while it’s being activated, place the food in the refrigerator as it is being activated.
